

hp jornada 560 series personal digital assistant

data sheet

Meetings, appointments, projects, and deadlines—sometimes it's hard keeping it all together. Organizing isn't the issue—it's about doing more on the go. The HP Jornada 560 series personal digital assistants have everything you need to gracefully juggle the details—and have fun while you're doing it. The vibrant, reflective, 16-bit color display gives you a clear view inside and outside. Work longer with up to 14 hour battery life* from the standard removable battery pack. With 32MB RAM (Jornada 565) or 64 MB RAM (Jornada 568), you have all the room you need to load more applications, store more contacts, and you can access it all fast with the 206 MHz StrongArm processor. Work with mobile versions of Microsoft® programs you use the most—Pocket PC versions of Outlook®, Word, Excel. Browse the web** check e-mail or connect with other compatible PDAs, PCs and more. Synchronize with your desktop PC at the touch of a button. Then carry and access your contacts, tasks, calendars and memos.

perform

- work longer—up to 14 hours battery life* with the included battery pack
- powered by a 206 MHz StrongArm processor for high performance
- store the files you need with 32 MB RAM, and 32 MB flash ROM with the Jornada 565 or store even more files on 64 MB RAM with the Jornada 568
- add the memory you need, the accessories you want with the built-in CompactFlash™ Type I extended expansion slot
- double battery life with the optional battery (not included, sold separately)
- recharge at home or in the office—just plug in the AC adapter
- instantly access the information you need using four quick-launch keys and navigation pad

get connected

- browse the web**, check e-mail or connect with other PDAs, PCs and more
- work with the mobile versions of the Microsoft programs you use the most—Pocket PC versions of Outlook®, Word, and Excel
- multi-task and make the most of your time—work on a Word document while you listen to your favorite MP3
